Located in the heart of the Canadian Rockies, Fernie is a small mountain town with big mountain views. Located an hour east of Cranbrook, BC and three hours southwest of Calgary, AB.

Support Winter Trails

With hundreds of trails to explore and winter trail use growing in popularity, maintenance needs of those trails grows too. Please support winter trail maintenance and grooming by supporting the below organizations:

COAL CREEK HERITAGE SOCIETY (CCHS)

CCHS manages and maintains the groomed cross CCHS manages and maintains the groomed cross-country and multi-use (run, fat bike, walk etc) trails at the Montane Trail Network and the Ridgemont Trail Network. Please donate to help support these trails by using this QR code.

FERNIE NORDIC SOCIETY (FNS)

FNS manages and maintains the groomed cross-country ski trails at the Elk Valley Nordic Centre and the Fernie Golf Course. Membership or trail pass is required to use these trails. Use this QR code to purchase.

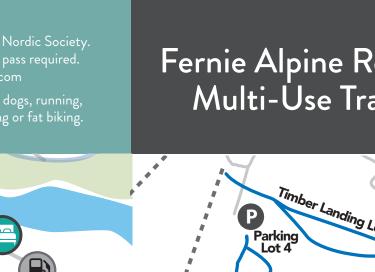

FERNIE TRAILS ALLIANCE (FTA)

FTA builds, maintains and enhances trails through land use agreements with the Crown, BC Parks, Canwel, City of Fernie, Island Lake Lodge and multiple other private land owners to ensure public access year-round. Use this QR code to purchase your Fernie Trails Pass and support the trails the FTA manages.

FERNIE SNOWMOBILE ASSOCIATION FSA grooms thousands of kms of trails for

sledding annually. Scan this QR Code to purchase a FSA trail day pass or season pass to use their groomed trails.

Elk Valley Nordic Centre Bunnyrabbit Loop 0.5km Lizard Lookout Hill 0.5km Lizard Creek Loop 0.9km Trail Conditions & Grooming Reports: Weather can effect the groomers ability to consistently do their work. Multiple and heavy snow falls may take time to groom and re-groom in some areas. Most groomers are volunteers. Please help keep groomed trails in good condition by adhering to any signs. Updates on grooming, trail conditions and related updates are provided by each of the trail areas and groups/organizations online. To access these please visit: FernieTrailConditions.com Fat Biking Info & Etiquette Please support trail access, maintenance and grooming by donating to the Coal Creek Heritage Society.

Winter Biking Info & Etiquette

Support the local trail groups who maintain grooming and access! Both the Fernie Trails Alliance and Coal Creek Heritage Society groo

You can rent a fat bike from a variety of bike shops in town or at Fernie Alpine Resort.

Suggested Groomed Trails:

• For beginners, start with the wide flat trails along the river in town Great Northern Trail, Elk Valley Pathway to James White Park.

For intermediates, head to Montane, Fernie Ridge, Trail Dogs or Fernie Alpine Resort. Best trail to start with is Montane Blue to Easy Beaver to the Hut and back. If you're looking for a bit harder do Montane Blue full loop or head up into Fernie Ridge. Fernie Alpine Resort's XC trails are used for Fat Biking as well, the start from the parking area to the start of the Silk Trail is a good grunt up, then the rest is fairly mellow.

• For advanced riders, head to Phat Bastard, Red Sonya, Black & Blue Betty. For those interested in black diamond DH trails that will see grooming over winter head to the Morrissey Trails off Cokato Road.

Winter Biking Trail Etiquette:

Respect and kindness to all trail users and to trail signage. Some trails only allow certain activities please obey posted signage. • Do not bike on the NORDIC ONLY trails (colour green). These are

dedicated to Cross-Country Skiing Only. You should have enough **flotation** so you can travel over snow without leaving a rut.

- You should have sufficient traction that you are able to safely control your bike and ride in a straight line.
- Fat tire bikes are recommended on winter trails.
- For the best flotation and traction, it's all about tire pressure! Tire pressure should usually be between 4-6 PSI for winter biking and sometimes lower. A good practice is to start off each ride with a little more air in your tires than you think you'll need and let air out on the trail depending on the conditions
- If you are riding a multi-use trail with classic XC ski track set, such as Fernie Alpine Resort XC trails, do not ride on or in the track. Yield to all other users. Other users don't have brakes, but you do!
